Winner's Package

Quantum City Challenge winners will have access to a variety of resources designed to help them on their journey from prototype to production.

Winners may qualify to receive a selection of the following resources, tailored for their designation as a student, individual or team, or member of an existing private or public organization.

Participation in the Quantum City Challenge offers you the chance to showcase your innovative solution to a global audience, presenting it to prospective clients such as Amazon Web Services, Canadian Natural Resources LTD., and ATCO. Resources include, but may not be limited to, the following:

From corporate sponsors:

- Opportunity to work (I.e., collaborate, contract, or employ)

From Quantum City:

- $10,000 CDN cash prize (taxable benefit, one cash prize per winning submission)
- 1-year free membership at qHub, Quantum City's physical centre and collision space and access to research partnerships, expert mentorship, commercialization support and incubation (inc. Possible residency)
- Up to 10 hours of mentorship from CDL Quantum's Mentor of the Year, Dr. Barry Sanders
- Feature speaking opportunity at qConnect 2024 in October in Calgary, Alberta
- Travel bursary to attend and participate at a leading Alberta tech conference (one bursary per winning submission)
- Access to funding from industry investors
- Access to mentorship from University of Calgary and from Industry

From Amazon Web Services (AWS):

- Access to AWS Start Up programs
- Access to AWS Research programs
- AWS Credits for Start Ups or for Research
- Access to AWS professional resources - for example, marketing and communications specialists
- Access to AWS technical resources - for example, the AWS Quantum Solutions Lab
- Access to mentorship from AWS subject matter experts
- Introductions to AWS Partner resources (organizations that can support development of a production version of the solution)
- Amplification of the winners and their solutions - for example, via an AWS Case Study or AWS Blog
- Attendance at an AWS event or AWS Partner event
- Participation in an AWS event - for example as a panelist

Disclaimer:
Quantum City doesn't guarantee resource availability, quantity, or specifics. Challenge participation doesn't ensure receipt of all listed resources, and Quantum City may adjust or introduce alternatives at its discretion. Winning package is one per winning submission (team or individual).
